President
Friend Entertainment Ltd.

Dear Norman,
**WHAT A SHOW!!!! I CAN'T BELIEVE THAT WE MADE IT HAPPEN,
BUT WE DID. THANK YOU!!!**

As you know the officers and members of *The Teddy Fund*, Inc. a Holbrook, New York Corporation was formed to help pay for the medical expenses of Teddy Parrilla, a 17 year old who suffers from a tumor called ASTRO SYTOMA which is lodged under his brain.

We do all sorts of fund raising events to assist the Parrilla family with the never ending medical costs that they incur on an everyday basis. We were looking for something different, something fun. And we found **FRIEND ENTERTAINMENT**.

We met with you about eight weeks ago and wanted to plan a "oldies fund raising spectacular". You advised us that we should really give it more time, and that planning this show so late might not be a good idea. But, you also told us that most of the tickets are not sold until the last few weeks anyway. So that if we all made a concerted effort, this could possibly work. We were a bit skeptical, but we did it anyway and it **REALLY WORKED, YOU WERE RIGHT**.

Not only did we make a great deal of money, we created a lot of support for our cause.

On behalf of *The Teddy Fund*, all its members and officers, we would like to "thank you" with all our heart, for all your help, knowledge, expertise and support to this organization and for Teddy.

Sincerely,

Martin Gross
The Teddy Fund

PS—SEE YOU AT OUR NEXT SHOW ON MARCH 25, 2006
